Dear Whānau / Parents

If your son is an identified learner, you will have received notification from us. Identified learners are students who represent a group of similar students in the school. Identified learners have been targeted from all learning groups in the school, from those who struggle with their literacy to do the work, to those who are achieving at Merit and Excellence Level in NCEA. All identified learners have been selected because we recognise that they have the potential to be successful learners and to accelerate. By focussing on their learning, deliberately using strategies to support their ability to access the curriculum, and sharing with both whānau and students our knowledge of them, we are confident that we can accelerate their learning and that of the other students who are similar to them.

We will be looking for ‘Evidence to Accelerate’ the learning of each student. This means that we will be focussing on the specific evidence that we have of each identified learner (across all of his curriculum areas) and using this evidence to plan deliberate acts of teaching and learning that will support him to make progress faster.

Part of our ‘evidence’ will be found in listening to him and his whānau / parents. That is why we have emailed you questions prior to the Academic Counselling meetings – as these questions will form part of the evidence that we consider when his teachers meet. Such information will help us provide a focus that leads towards his future pathways when he leaves school, to see what interests and skills he has that maybe he hasn’t shared with us that could help us tailor lessons in a way that is more accessible for him.

Academic Counselling Meetings

Academic Counselling meetings are being held on Friday April 8 for all Year 7 & 8 students and Year 9, 10, 11 and 13 Identified Learners. (Year 12 Identified Learner meetings will be held early in Term 2, as their focus – Level 2 NCEA – is slightly different)

For Year 7 & 8 students this will be a Teacher Only Day to enable the teachers to meet with parents. Please meet with the Homeroom Teacher in your son’s classroom at the time you have booked through www.schoolinterviews.co.nz

For Year 9, 10, 11, 12 and 13 students, this is a normal school day.

After school, the meetings will be held with the Academic Tutor from 3.30 – 5.45pm in your son’s Academic Tutor’s classroom at the time you have booked through www.schoolinterviews.co.nz

If your son is not able to attend with you and you are not sure where his class / Tutor’s room is, please come to the Hall and we will take you to the right room!

Please bring with you the questions sheets (and the responses that you wish to make) that you have been sent. The focus of academic counselling meetings is on learning about your son and his interests and skills.

Year 9 – 13 Subject Interviews Year 9 – 13 Thursday 14 April 2.00 – 7.00pm

These interviews are about your son’s progress in each of his subjects during Term 1. We encourage you to bring your son to these meetings as well – as having the teacher, the parent(s) and students sharing information is helpful for all. These interviews will be held in the Hall and in classrooms and offices in the Pearce Block. This is an opportunity to meet each of your son’s teachers and to find out how his first term’s learning has gone. Maps will be available in the Hall foyer and there will be guides to show you to the rooms. To make a time, book through www.schoolinterviews.co.nz

We look forward to seeing you

Senior Leadership Team

Ian Baldwin, Linda Dalzell, Alan Bailey, Stephen Jackson, Andrea Mulligan

We are all in this together
Old Boys

Mac Highet

It was fun to read these [newsletters] and they brought back happy memories of my days at SBHS. I think it was 1968 when I finished my schooling there and began a trek north over several years to Wanganui, Auckland, London, Boston (USA) and eventual retirement on Long Island, New York. While I was not what one considered a great student I was encouraged by two great bookkeeping teachers at SBHS who set my direction; and I went on to a successful and global career in finance and management.

Now with three daughters, they laugh at my stories of days at SBHS when life was so different, and when the cell phone issues discussed in the [last] newsletter were not even a figment of our imagination.

Thank you for keeping the Old Boys in touch with the school!

New Finance Policy

Unfortunately, due to the number of accounts that were not cleared by automatic payments at the end of Term 4, 2015, we no longer allow sports fees, uniform, sports trips or camps to be charged to school accounts (even if a regular automatic payment is coming in) until all of the school fees have been cleared.

Parents please update contact details, ie Address, phone and cell numbers

Lost Property

There is a large amount of lost property, mainly clothing and shoes, that has been left behind in classrooms, on the field and in the gym changing rooms. There is school clothing, school shoes, multi clothes, trainers, hoodies and jackets.

Please come to the gymnasium at lunch, interval or after school to check to see if any of this gear is yours. DON’T come during class time, unless you have Phys Ed at that time.

Unclaimed items may be sent to the second hand Uniform shop or given to charity.

Notice

Heritage Harvest Festival
2nd & 3rd April 2016
At Aparima College, Leader Street Riverton.

Celebrating Southland’s Harvest. Speakers this year include Lynda Hallinan, Tanya Batt and Peter Langlands. There will be workshops on: Seed saving, autumn soups, jams and preserves, living food, making potpourri, food forests, Interactive and static displays including bee hive and apple press, competitions, stalls, a great family day out. Entry is a gold coin donation. More details about sessions can be found on our website http://www.sces.org.nz/events. Information on the school children’s competitions will be circulated shortly.
Culinary News

On the 5th March students from the current year 8 and 9 Catering rotations entered the Southland A & P Show Baking Classes. The Year 8 boys had the opportunity to research and design their entry around the classic Rice Bubble Slice and the Year 9 boys researched and designed their entries around decorated cupcakes.

The following boys were awarded these placings:

**Year 8 Rice Bubble Slice**
- Cullen McLeod - 1st
- Henare Kingi - 2nd
- Kamate Bruygoms Cuthers - 3rd

**Year 9 Decorated Cup Cakes**
- Callum Nimmo - 1st
- Jake Ryan - 2nd
- Alec Mathieson - 3rd
- Lennox Henry - Roderique - 4th

Southland Life Education Community Trust AGM
To be held Thursday, 14 April 2016, 7.00pm at Windsor North School, Chelmsford Street, Invercargill.

If you are interested in becoming a Trustee please make an effort to attend and support the Trust - it’s for the children’s benefit!

Any queries to Val (03)235-8910
All welcome.

Westpac Chopper Ride
This year is Westpac's 12th Chopper appeal and over $13 million has been raised over this time.

Funds raised from the Queenstown to Invercargill Bike Ride will be going to the local trust - Lakes District Air Rescue Trust who has been operating for 25 years. The Trust operates rescue helicopters from bases in Queenstown and Te Anau.

The Trust’s turnover is $1.2million p.a. and only 50% is funded by the Government and the balance comes from the community and our fundraising.

Over 450 missions are undertaken by the Trust each year which equates to 650 flying hours. The number of missions per year is rising dramatically due to Beacons being more commonly used.

As you can see the funds we raise on this Bike Ride are so vital to the trust and it is the largest fundraiser by Westpac New Zealand staff for the “Chopper Month”.

One of SBHS teachers, Sonia Johnson, is participating this year. “[I am] doing it because the choppers are a service that we all hope that we will never need, but if the situation arises and we do need them, it is a service that I would hate to think it was not available to us. Teaching at SBHS I know that this service could well save the life of one of our students in the past, present or future.”

There will be a multi-day on 13 May to help raise funds.

About the Local Chopper
Lakes District Air Rescue Trust operates emergency rescue helicopters from bases in Queenstown and Te Anau.

The region extends from those bases to the Southern Ocean, Campbell, Auckland and The Mutton Birds Islands, Southland, Stewart Island, Fiordland and Mt. Aspiring National parks. Also servicing New Zealand’s premier skifields at Coronet Peak, The Remarkables, Cardrona, Treble Cone, Waiourau Snow Farm and world famous walks like the Milford, Routeburn, Hollyford, Greenstone and Caples tracks.

Paramedics, Doctors, Helifirefighters and Alpine Cliff Face Rescue crews are trained to the highest standards, and liaise with the Police, Ambulance Service, Medical and Search personnel to ensure that the highest standard of public air rescue/air ambulance service is achieved.

Hospitality and Tourism Diploma/Degree with guaranteed job - Yr 12 & 13’s
PIHMS specialise in hospitality, tourism and hotel education with a guaranteed paid internship with earning potential of $30,000 during the course.

Over the past 20 years PIHMS (Pacific International Hotel Management School) based in New Plymouth, has put over 2500 young students through internationally recognised qualifications and into jobs in New Zealand and all over the globe.
At PIHMS students will:

- Live, study and learn in a 4 star Qualmark rated hotel
- Real life training in our own PIHMS Hotel
- GUARANTEED hotel employment throughout your study – Paid Industry Placement
- Earn up to $30,000 during your study on a paid industry placement throughout your study
- Get your dream hospitality hotel or tourism job – Graduate with a superior degree and 1 year work experience
- Guaranteed employment within 3 months of graduating!
- PIHMS is the best way towards your dream job in the hospitality, tourism and hotel industry

www.pihms.ac.nz  – For general information about PIHMS’s hospitality, tourism and hotel diploma and degree with a guaranteed job offer. Plus great new videos!

PIHMS are looking for school leavers who:

- Have a willingness to learn through training and working
- Have in interest in Hospitality, Tourism or Hotel Management
- Students are required to have completed year 12 and successfully attained NCEA level 2
- Will be 17.5 years of age by February 2016
- Are looking for a life-changing experience

PIHMS Career week

Next career week 18 – 21 April (1st week of school holidays)

- PIHMS career week provides any student with the opportunity to experience PIHMS, our culture, lifestyle, education, training to see if this is where your future lies
- Get first-hand hand tips and information about the hospitality and tourism industry and find out PIHMS
- Everything is included – Accommodation, all meals & beverages and scheduled activities
- Places are limited as we only have a limited number of rooms available for accommodation – So apply asap to avoid missing out

Apply for career week
Email andreww@pihms.ac.nz to apply for our career week or for more information about PIHMS.

715 and 716 working on Small Ball skills in P. E class this week

Softball
As part of the Otago Boys’ High Interschool. SBHS played a close game resulting in a tie, six all in the final innings. In the tie breaker Southland Boys’ High went down 11-7. A great warm up for the upcoming South Island Tournament. Jonty Grey demonstrated excellent bunting and speed to first base. Braeden Heslip showed great leadership motivating and supporting his team. Hunter Barlow was a fantastic catcher for the team partnered with Josh Richardson doing some good pitching.

Splash Palace Holiday Classes
We have Boating Safety and Diving (for those who can swim 50m confidently) and Swimming lessons for children from 3 years of age.

There are 2 weeks to choose from

Week 1 18/4 to 22/4
Week 2 26/4 to 30/4

Enquires to Splash Palace 217 7506 Ext 3 or swimschool@splashpalace.co.nz

Jonty Stirling-400m 4th
Sam Clark-800m 4th
Relay 2nd (Blair McKenzie, Sam Colyer, Alex Wright, Sam Clark)

Jack Lovett- Hurst – AWD- Javelin 1st, Discus 1st

Uilealea winning the u14 shotput
After winning the Athletics Standards day at Southland Boy’s 3 weeks ago, Deaker has done the double and won the Championship Day at Surrey Park, building a commanding lead in the race for the House Cup.

After tipping Coldstream off their top perch over the last 3 years, Deaker, led by Hunter Te Awhe, have backed up a brilliant festive day, with 1910 points to 1825 points to Coldstream, who ended up second place.

There were plenty of records broken on an action packed day with some superb individual performances.

Of notably mention were Rico Fisher and Riley Smith in the Under 11 age group, setting an impressive 7 records between them. Tommy Tawhai also got two first places, with a record as well.

Adam Stevens and Aidan McAra both got records in the Under 12 section and Caide Morris (under 13) won the vortex throw with a record 46 metre throw.

Uilealea Lavea won the Under 14 shotput with a record 13.82m, beating the previous record by a whopping 98cm. And Blair McKenzie set a record in the glamour event, the 100metres by running 11.92seconds.

Ben Henderson dominated the Under 15 events, winning 4 events, placing 3= in another, and setting a record in the Triple Jump by hop, step and jumping 10.63metres.

And arguably one of the most impressive performances set on this hot Thursday afternoon in early March, was the Under 15 1500metre run. Young running superstar Jaxon Taylor wiped an impressive 100 seconds off the previous record by running 9m50.47 seconds. This was an impressive run, and we can’t wait to see Jaxon in action again at the next house event, which is the Round the park Cross Country race which is scheduled for later this term.

Students not only had a chance to set records and get points for their house groups, but they also had a chance to qualify for the Southland Secondary School Champs the following week. A large contingent represented our school at this meet, and at the subsequent Otago-Southland Athletics Championship.

Well done to all competitors and staff / parents / supporters, who helped out on both the Standards Day and the Championship Day. Good luck for all students competing in up-coming events.

Sander Meijer
Health & Physical Wellbeing
Cycling
Corbin Strong on is way to another gold medal at the National age group track cycling championships.

Corbin Strong had recent success at the New Zealand age group track cycling championship from 9th – 13th March 2016.

Corbin has trained hard for this event since October last year training 6-7 days a week for 12-18 hours a week.

After his 5 gold medals and a New Zealand record at the NZ champs, Strong who will be racing in the U19 category hopes to get selected to represent his country at the Oceania Champs later this year.

Strong’s next big event is the National Road Cycling Champs starting April in Alexandra

South Island Secondary School Rowing Regatta.
Over 1900 athletes competed for medals at the North and South Island Secondary School Championships over the weekend. It was the last chance for crews to test themselves ahead of the 2016 Aon Maadi Cup which will be held at Lake Ruataniwha in Twizel from 4 to 9 April.

The banks were lined with tents and supporters at this weekend’s 2016 Aon North Island Secondary School Championships, which saw 859 athletes representing 92 schools competing in the three day regatta at Lake Karapiro.

Bradley Knipe Cycling Highly Commended
Flynn Thomas Rugby Highly Commended

Tae Kwon Do
Jack Dobbins successfully double graded from yellow belt to green belt in Tae Kwon Do with Master Kesi O’Neil

Jack with his instructor Sue Graham and Master Kesi O’Neil.
Touch Tournament is ours!!!!!!
Southland’s golden summer of touch has continued as the Southland Boys’ High won South Island secondary school championship in Christchurch on Sunday. The boys will be away to Auckland in December to compete in the finals.

Kaleb Talamahina
Southland’s Kaleb Talamahina received a long list of awards after a successful season at the Touch Southland prize-giving recently. Kaleb claimed the secondary schools and representative male player of the year, to go with the overall player of the year accolade. He also received the under-17 boys’ player of the year and most valuable player for the U17 mixed team which claimed the Touch Southland junior team of the year award after they won the NZ national title.

Southland Senior Volleyball Champs
Boys Grade – 1st place CSC Senior A Boys, 2nd place SBHS Senior Boys, 3rd place SBHS Senior Red & in 4th place Fiordland Boys

Shot Put records SMASHED.

Uilealea Lavea is unbelievable, he has been breaking records left, right and centre. He broke the Southland Boys’ High record. In 1989 the record was 12.84m, Uilealea threw 13.82m.

The Otago Southland Secondary School Champs record in 1989 was 12.53m, Uilealea threw 12.97m.

Uilealea trains at Surrey Park Mondays and Wednesdays 3-4 hours both days.
Do you remember how excited your children were about maths* when they were young? How they were excited by patterns in nature? How they rearranged a set of objects and found, with delight, that they had the same number? Before children start school they often talk about maths with curiosity and wonder, but soon after they start school many children decide that maths is confusing and scary and they are not a “math person”. This is because maths in many schools is all about procedures, memorization and deciding which children can and which cannot. Maths has become a performance subject and students of all ages are more likely to tell you that maths is all about answering questions correctly than tell you about the beauty of the subject or the way it piques their interest.

Given the performance and test-driven culture of our schools, with over-packed curriculum and stressed out students, what can parents do to transform maths for their children? Here are some steps to take:

1. Encourage children to play maths puzzles and games. Award winning mathematician, Sarah Flannery reported that her maths achievement and enthusiasm came not from school but from the puzzles she was given to solve at home. Puzzles and games – anything with a dice really – will help kids enjoy maths, and develop number sense, which is critically important.

2. Always be encouraging and never tell kids they are wrong when they are working on maths problems. Instead find the logic in their thinking – there is always some logic to what they say. For example if your child multiplies 3 by 4 and gets 7, say – Oh I see what you are thinking, you are using what you know about addition to add 3 and 4, when we multiply we have 4 groups of 3...

3. Never associate maths with speed. It is not important to work quickly, and we now know that forcing kids to work quickly on maths is the best way to start maths anxiety for children, especially girls. Don’t use flashcards or other speed drills. Instead use visual activities such as https://bhi61nm2cr3mkdgk1dtaov18-wpengine.netdna-ssl.com/wp-content/uploads/2015/03/FluencyWithoutFear-2015.pdf

4. Never share with your children the idea that you were bad at maths at school or you dislike it – especially if you are a mother. Researchers found that as soon as mothers shared that idea with their daughters, their daughter’s achievement went down.

5. Encourage number sense. What separates high and low achievers is number sense – having an idea of the size of numbers and being able to separate and combine numbers flexibly. For example, when working out 29 + 56, if you take one from the 56 and make it 30 + 55, it is much easier to work out. The flexibility to work with numbers in this way is what is called number sense and it is very important.

6. Perhaps most important of all – encourage a “growth mindset” let students know that they have unlimited maths potential and that being good at maths is all about working hard. When children have a growth mindset, they do well with challenges and do better in school overall. When children have a fixed mindset and they encounter difficult work, they often conclude that they are not “a math person”. One way in which parents encourage a fixed mindset is by telling their children they are “smart” when they do something well. That seems like a nice thing to do, but it sets children up for difficulties later, as when kids fail at something they will inevitably conclude that they aren’t smart after all. Instead use growth praise such as “it is great that you have learned that”, “I really like your thinking about that”. When they tell you something is hard for them, or they have made a mistake, tell them: “That’s wonderful, your brain is growing!”

* I use maths, rather than math, partly because I am from the UK and we say maths there and partly because maths is short for mathematicS, it is a plural noun. Mathematics was chosen to be plural to reflect all the many parts of mathematics - drawing, modeling, asking questions, communicating, etc. Math sounds more singular and narrow (Do the math, usually means do a calculation!), and I prefer to keep the idea that maths is a multidimensional and varied set of mathematical forms and ideas.
